Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. R. V. Pierce and his "Favorite Prescription" published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for $200,000.00 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business; furthermore, that no alcohol, or other injurious, or habit-forming, drugs are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatever, and that Mr. Bok's malicious statements were wholly and absolutely false.

In the retraction printed by said Journal they were forced to acknowledge that they had obtained analyses of "Favorite Prescription," from eminent chemists, all of whom certified that it did not contain alcohol or any of the alleged harmful drugs!

These facts were also proven in the trial of the action in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the libelous article with its great display headings, while hundreds of thousands who read the wickedly defamatory article never saw the humble groveling retraction, set in small type and made as inconspicuous as possible. The matter was, however brought before a jury in the Supreme Court of New York State which promptly rendered a verdict in the Doctor's favor. Thus his traducers came to grief and their base slanders were refuted.

THE WAR IN MOROCCO.

A dispatch from Casablanca says eight Frenchmen were killed and 17 wounded in an engagement Monday outside the camp. The dead include Major Prevost, of the First Battalion of the Foreign Legion, and Lieutenant Benizass, of the Second Battalion of Algerian Sharpshooters. The Moors concentrated the largest force they had yet mustered in the vicinity of Casablanca and returned to the attack again and again, after encountering the deadly fire of the French artillery and machine guns. The enemy's losses are described as enormous. The fighting was started by an attack made by the Moors on a French scouting party.

About 6,000 Moors participated in Monday's fight. The Moors, who were repulsed on all sides, made a most impressive picture as, garbed fantastically, mounted on white horses and carrying their banners in the front line, they swept down from the hills in splendid formation and charged thunderously, to within about 400 yards of the French camp, which for a moment seemed to be in danger of being overridden. As they advanced, the Moors chanted in unison verses from the Koran.

The news of Monday's sanguinary engagement near Casablanca has shocked as well as surprised France. The fighting demonstrated that the Moroccan situation is steadily growing more serious and that although France is constantly victorious, the dogged, fanatical resistance of the Moors, who appear to be mobilizing in larger numbers, may necessitate a distinct enlargement of the allies' forces in order to bring the fighting to an end.

FIGHT WITH DESPERADO.

After a sensational chase and desperate fight with an Italian desperado in New York yesterday, half a dozen detectives were forced to fight for his life and their own against repeated assaults of hundreds of Italians, men and women, who sought to deal out summary justice to the prisoner.

The prisoner is Antonio Forgone. He had stabbed Mrs. Lorenza Nicholino in her little store in east One Hundred and Fifty-third street, almost severing her right ear, after she had refused to give him $100. As he dashed from the store Mrs. Gaetano Poppole tried to block his progress. A blow in the face knocked her down and Forgone started on a wild run through the crowded street.

The blood-stained knife, which he waved as he sped through the crowd, gave the fugitive a clear path, and a number of policemen and detectives who had taken up the chase were being outdistanced. As a last resort they impressed a passing automobile into which they entered, and when the machine was abreast of the fleeing man, sprang out and attacked him. He fought back and one of the detectives was laid out unconscious before Forgone was subdued. For nearly 20 minutes the officers fought almost as desperately to protect the prisoner from the mob, which wanted to deal out justice on the spot. Forgone finally was lodged in the police station.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

ARREST OF MRS. PHILLIPS.

Developments in the investigation into the death of John J. Phillips, coal operator, broker, banker and clubman, of Cleveland, Ohio, came thick and fast yesterday and took a sensational turn late in the afternoon, when Mrs. Phillips, widow of the deceased, was taken into custody. Mrs. Phillips has been in a highly nervous state since the tragedy, early Monday morning, after which announcement was made that her husband had been shot and mortally wounded by a burglar. Yesterday afternoon she collapsed, and was not able to attend the funeral, which took place from the house, with only immediate relatives present.

The police are reticent in the case, and whether they really believe Mrs. Phillips culpable in the murder or whether they merely believe that she can give facts concerning the tragedy which would solve the mystery surrounding it does not appear at this time.

AND VIRGINIA ADVERTISER

THURSDAY EVENING, SEPT. 5, 1907.

MR. WILLIAM J. BRYAN was the principal speaker Tuesday night at the fourth annual banquet tendered visiting merchants by the Cincinnati Traveling Salesmen's Union and the Merchants and Manufacturers' Association of Cincinnati. Among other things Mr. Bryan compared the common people of the United States with the peoples of other countries and said the average man of this country is the greatest average man of the world. The average man of the United States is doubtless the peer of any on earth, but Mr. Bryan in his ebullitions is liable to use extravagant language. In the days of ancient Greece, Rome and Carthage the inhabitants of each imagined they excelled all others. The proud Greeks looked upon their fellow-creatures of other nations as intellectual pigmies compared with themselves. Hence Greeks and barbarians was a common expression. A sage, who had evidently become disgusted with such topheaviness, conceived a fable substantially as follows: A man and a lion accidentally met on a certain occasion and entered into a dispute concerning the powers of men and lions. The man, in order to strengthen his argument, pointed to a monument on which a man was represented with his foot upon the neck of the king of beasts. The lion replied by saying, "Let us be the sculptors and we will reverse things by putting the man under the lion."

AN ARTICLE in this column yesterday quoted the observations of a U. S. army officer concerning relations between the United States and Japan. He suggests that the Mikado desires to fight Germany, and talk of friction between the United States and Japan is a bluff, as the later country is really preparing to drive Germany out of China. The Kaiser seems to be aware of Japan's intentions, and his recent friendly overtures to this country are significant. A dispatch to the Paris Liberte from Berlin says the Kaiser has invited a number of colliery owners and shippers to study a scheme for a contract to coal the American battleship fleet on its way to the Pacific, whereby German coal will be supplied by German ships at lower rates than those of English collieries on English ships. In this way the Kaiser wishes to give another proof of his pleasure at seeing Germany cooperate with the United States in the Pacific. The correspondent of the Liberte affirms that leading coal and shipping firms have received orders to send the most complete estimates on this point direct to the imperial cabinet.

MRS. CLARA G. WEBER has brought suit in the Supreme Court of the District of Columbia for separation from her husband, Le Roy Weber, a clerk in the Department of Commerce and Labor. The plaintiff alleges that she has been the victim of a "systematic course of cruel treatment," one exhibition of which, she declares, was throwing ice water upon her while she was asleep. She also charges assault, but admits that on one occasion she searched his pockets, found a missive which she refused to return to her husband and that he threatened to kill her in consequence, but subsequently vented his spite on the child. Every husband whose pockets are systematically searched by his wife may not belong to the long-suffering and patient class of benedicts; but, on the other hand, a man should never carry anything in his pockets he would fear to show his wife. Yet, unfortunately, such is too often the case, and when the curious wife sets out on an exploring expedition and captures a missive she fails to understand, the suspicious weaker vessel is liable to cause trouble. Searching pockets is a mean procedure on general principles. A man who was on one occasion being upbraided for not saying his prayers, said he attempted on one occasion to be more thoughtful and pious and was engaged in his devotions when he cast one eye aside and saw his wife rifling his pockets.

FROM PRESENT indications there will be trouble soon between China and Japan. The relations between the two countries are becoming more acute daily. There seems to be a purpose on the part of Japan to place the flowery kingdom on the same plane as Korea when the Mikado's dream of being the head of the Mongolian race will have been realized. The number of Chinese troops is increasing daily in Kwanto, the territory in dispute between China and Japan. The Chinese commander has warned the Japanese commander that he must desist from any attempt at administration and withdraw immediately. The situation is doubly critical, because of the presence of a few escaped Korean soldiers, who are trying to incite the Koreans against the small force of Japanese, representing the Korean government authority. Japanese reinforcements are proceeding to the territory.

AS WAS stated in the Gazette yesterday a strike in the Teddy bear trade has occurred in New York. It took place in the factory of the Bruin Manufacturing Company. Only the stuffers quit work, the leg, arm, trunk and head artists refusing to strike in sympathy. The strike was against a reduction of prices paid to the stuffers for piece work. The manufacturers say there is no danger of a Teddy bear famine. The last sentence of the above should afford much relief to the country at large. There have been many senseless and uninteresting toys conceived and manufactured during the past few years, but Teddy bears seem to be more stupid than them all. They are adjuncts to the comic sheets of Sunday newspapers, which aid materially in stunting the intellect of the present generation by imparting a mental flimsiness, which is likely to prove a life-long accompaniment.

HEREAFTER medical preparations, such as headache powders, which contain acetphenitidin, must have on their published formulas notice that the preparation contains no "acetanilid," from which the former drug is derived. The latter is well known.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 5.

It was made clear at the Navy Department today that the President had no intention of maintaining two separate battleship fleets for the Atlantic and Pacific seaboards. Acting Secretary Newberry authorized the announcement. He further explained that no return route had been selected for the battleship squadron that is to visit the Pacific coast. The ships can not reach their destination before May and not until it has been decided how long the ships will remain will the question of returning via Suez or Magellan Straits be taken up.

News was received by the War Department today indicating the dangers of customs collecting in Santo Domingo. There was an attack along the Haitien border by smugglers on three native frontier guards. Both carbines and small arms were used. The guards returned the fire of the attacking party, with the result that one of the latter was mortally wounded.

Attorney General Bonaparte is considering the advisability today of curtailing his vacation, which he is spending at Lenox, Mass., to hurry back to Washington for an investigation of the reasons which led to a refusal by Judge Landis of the former's suggestion that immunity be granted to the Chicago and Alton Railroad in return for its services in enabling the government to convict the Standard Oil Company, of Indiana, for rebating. The Attorney General would have preferred to attend to the matter from Lenox, but admits that he can't find out the nature of the new evidence District Attorney Sims has secured against the Alton.

The following Virginians employed in the Treasury Department have been promoted: Miss Fannie E. Cranston, office of the Treasurer of the United States, from $720 to $800; Epps H. Willis, office of the supervising architect, from $360 to $480

Richard H. Poillon has been designated Superintendent of the Revenue Cutter Service in Santo Domingo and will be the personal representative of General Receiver Pulliam in all matters of detail relative to the active management of that service.

President Roosevelt appointed Mety Tiger chief of the Creek Nation today as successor to the late chief, Pleasant Porter. The appointment is the first one made under a new law empowering the President to name the chief of the five civilized tribes.

It is reported to the Navy Department that the Japanese authorities have made every provision for the reception and entertainment of the United States cruiser Chattanooga and her officers when Yokohama is reached for coaling. The vessel is on her way back to the Asiatic station, after having cruised up the coast to Vladivostok to pave the way for the arrival there of Secretary of War Taft.

The new 20,000 ton battleship will be designated the "New York" and the present cruiser "New York," which is named after the city, will be called the Saratoga. This was practically decided upon by the Navy Department today. The old Saratoga, under authority of the President, received today, has been condemned as useless and will be broken up. The old ship has such historic record that the department officials feel that the name ought to be preserved in the navy. They also think that the biggest battleship in the navy should be named after the Empire State, and home of the President.

District Attorney Baker will probably decide to have an early trial of the men now under indictment for an alleged violation of the law against bucket shops.

RAILROAD RATES.

Representatives of the railroads operating in Virginia were in Richmond yesterday for the purpose of talking over matters with members of the State Corporation Commission.

It is known that the commission is now preparing to fix assessments on public service coporations, and the railroad men are in Richmond to argue that the assessment of transportation companies in the State is excessive. It will be recalled that the corporation commission, in fixing the rate for passenger traffic, which was so bitterly resisted by the railroads under the lead of the Southern, allowed for earnings by the road at the rate of 6 per cent. on $100,000 a mile.

If the commission were to exercise its power and fix the assessments in the business of the roads at the figures on which the rates for passenger fares are based the State would receive many hundreds of thousands of dollars more in taxes.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so week from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale by W. F. Creighton & Co. and Gibson & Timberman.

News of the Day.

The Union Iron and Steel Company's blast furnace at Ironto, O., has gone into a receivers hands owing to non-arrival of the pay roll, Superintendent Chas. Poters was named. It is thought the furnace will resume.

Laura Carter, the woman on trial in New York, on the charge of sharing in the money stolen by Chester B. Runyan from the Windsor Trust Company, today asserted that her reason for caring for the fugitive bank teller was because she considered him to be one of the noted Pittsburg class.

Joe Yeager, the western plunger, made one of his characteristic plays at New York yesterday when he bet the bookies to a standstill on Keep Moving's chances in the third race. The price fell from 40 to 20, and it is said the young westerner cleaned up $30,000 on the filly's victory.

The suspension of Watson & Company was announced on the New York stock exchange today. Losses in the stock market are believed to be responsible for the failure. It is feared the failure will be felt more seriously in the West. The firm had a large number of clients there. They are believed to have sustained heavy losses owing to these stock declines as they were on the bull side of market.

While crossing the railroad tracks near Thompson's cannery, six miles north of Elkton, Md., yesterday evening, Mrs. Lida Robinson and Ella S. Bradley were both run down by a train and killed. The women were employed at the cannary and were returning home for their supper when the accident occurred. Their bodies were terribly mangled.

While the illumination of the Falls of Niagara was in progress last night, a man made the awful leap from the center of the upper steel arch of the bridge to the river 200 feet below. His body was seen to cause a mighty splash as it struck the water, after which it disappeared from sight and was carried toward the whirlpool rapids. Hundreds witnessed the suicide.

Alvin Mauppin, a yeoman in the United States navy, committed suicide yesterday morning at Annapolis by swallowing four ounces of carbolic acid. Mauppin was married Tuesday to Miss Ellen Curran, of Annapolis. It appears that the reason for the suicide was that Mauppin had received orders to go to Nashville, Tenn., to perform duty in connection with the recruiting office there, and would have been compelled to leave his young wife.

Details of the disastrous effect of a lightning stroke at Buckhorn Falls, in Chatham county, N. C., Tuesday, show that seven men were killed and ten injured. A heavy storm had forced 50 to 70 men to seek shelter in the cement house of the Buckhorn Falls power plant. Lightning struck a large tree back of the house, and the tree, splitting, fell over on the building, instantly killing two white and five colored men and injuring three whites and seven colored.

Mrs. Mary Lanham, 45 years old, a widow, of Good Hope, D. C., was assaulted in her home by a strange man yesterday afternoon. Her assailant is described as a muscular white man, and it is believed the object of the attack was robbery and perhaps criminal assault. The struggles of Mrs. Lanham, however, the police say, prevented the crime. Some persons believed the assailant is a demented man from the neighboring asylum.

Clarence J. Camp, secretary of the Milkdrivers' Union, of Chicago, has been arrested on warrants sworn out by George M. Briggs, traveling auditor of the International Brotherhood of Teamsters, on a charge of having stolen $19,500 from the union. Camp's shortage is said to have been discovered when a check was returned from a Boston bank marked "No Funds." Briggs declares that he found the treasury of the union almost empty.

The mackerel fleet of sixty-five sail, composed mostly of craft from Portland, Me., and Gloucester, Mass., is now in port, nearing the close of summer mackerel season, and report that in the aggregate the vessels have stocked $500,000 worth of fish. The Greyling, Captain Joseph Smith, of Gloucester, caught and sold $25,205 worth of mackerel. Each man of the crew earns $607 as his share of four months' work. Captain Smith is seventy-four and the oldest skipper in the fleet.

Strikers in Antwerp last night set fire to another lumber yard, using petroleum for their purpose. The lumber covered 3,000 square yards. The strikers set fire to two other warehouses shortly after midnight. In spite of the assistance rendered by the military, the fire in the lumber yard spread. The damage is estimated at $800,000. Officers of the militia declared last night that the strikers were in a most dangerous temper, as free liquor is being distributed to them in the saloons. The men who took part in the recent disorders have largely been led by women.

RECEIVER APPOINTED.

Judge A. K. Skeen, of the United States Court of Bristol yesterday appointed Col. L. O. Petitt, of Big Stone Gap, receiver of the Union Iron and Steel Corporation of New York, owning furnaces in Virginia, Ohio, Michigan and New Jersey. The receiver was appointed on petition of the Norton Coal Company, of Norton, and no statement of assets and liabilities is obtainable at this time, owing to the fact that efforts are being made to adjust the claim. For this reason other creditors have not joined in the petition. The Union Iron and Steel Corporation is an offshoot of the Union Steel and Chain Corporation—the latter a $60,000,000 concern—organized several years ago by Edward L. Harper, formerly of Cincinnati.

LETTER TO G WM RAMSAY,

Alexandria, Virginia.

Dear Sir: Ten years ago there was one pure paint and 200 adulterated; there are now eight pure, 200 adulterated, about half of the latter short-measure besides.

There is still but one best, and the difference is ten gallons Devoe goes as far as eleven next-best—$5—in every ten gallons.

A new word has come-up in paint; it is strong. Strong paint goes further and wears longer; weak paint takes more gallons and wears-out sooner.

The proper cost of a 10-gallon job is $50. Paint that takes 11 gallons makes it $55. Paint that takes 12 gallons makes it $60 Paint that takes 13 gallons makes it $65. Paint that takes 20 gallons makes it $100.

The $50 job wears twice as long as the $100. These figures are not precise; they are round. The 10-gallon paint is Devoe.

Yours truly,
F W DEVOE & Co.

The precipitation last night amounted to 4.72 inches, and as a result several big plants were idle yesterday because they were flooded Tuesday night.

VIRGINIA EDUCATORS.

Educators in Virginia are preparing for a State rally this fall, and will invade the legislature next winter for larger appropriations for all manner of public instruction.

A joint conference was held in Richmond yesterday and a plan was outlined for pushing forward this work with vigor. Represented were the Department of Public Instruction, the State Superintendents' Association, the State Teachers' Association, and the Co-operative Educational Association. The meeting was held at the Capitol and was presided over dy Prof. F. B. Fitzpatrick, of Pulaski, president of the State Teachers' Association.

The attendance was not large, but the two sessions of the conference were enthusiastic and the plan outlined calls for work which, if carried out, will mean a great deal in the line of furthering education in the State.

A committee was appointed to arrange for an educational conference, to be held some time during the fall, but the time and place of the proposed meeting were not selected.

A resolution was adopted recommending an appropriation by the legislature of at least $200,000 annually for high schools, $25,000 for summer normals, the establishment of at least one more normal school in the State and an annual appropriation of $600,000 for primary and grammar schools. The latter is an increase of $200,000 over the present appropriation.

It was decided to hold educational rallies in all the counties in conjunction with the Co-operative Teachers' Associations of each prior to the general conference, and Superintendent Eggleston was requested to write all the division superintendents, calling attention to the proposed State rally. The general conference will be similar to the one held in Richmond last year.

VIRGINIA REPUBLICANS.

The republican State executive committee of which C. Bascom Slemp is chairman, and composed of members from each of the ten Congressional districts, met at the Monticello Hotel in Norfolk yesterday afternoon for a review of the republican situation in the State and for a general interchange of ideas. The work of the committee resulted in recommendations for the placing of legislative candidates in the field in various sections of the State where the prospect of election is good. The committee yesterday took a "lily white" stand, and the question of the next State convention when the delegates to the national convention will be elected, was taken up, but only informally. Nothing was given out as to this, though the committee is believed to be a Roosevelt one.

The McKinley Monument.

Buffalo, N. Y., Sept. 5.—New York state and its second largest city are today paying fitting tribute to to the memory of President William McKinley. With most imposing ceremonies there was dedicated here today by Governor Hughes, the white marble obelisk, erected in Niagara Square by the state of New York at a cost of nearly a half million dollars. The monument perpetuates the memory of President McKinley who met his death here six years ago tomorrow while attending the Pan-American Exposition.

Flags of two countries, England and America, are entwined among the decorations about the city and two Canadian regiments, marching in the parade that preceded the formal dedication of the monument, lent an international flavor to the day's observance.

The entire city was ablaze with flags and bunting while the streets were jammed with many thousands of visitors. One of the prettiest spectacles of the day was the release from the base of the monument, one hour before the exercises began, of 2,500 pure white pigeons, embelmatic of the doctrine of peace which President McKinley always publicly advocated.

The parade was a splendid spectacle, being made up of regulars, two regiments of Canadian troops and a brigade of State militia.

At the dedication services proper Bishop Wm. D. Walker delivered an invocation after which Mayor Adam delivered a speech on the virtues of the late President.

E. H. Butler, on behalf of the monument commission, presented the memorial to the State and it was accepted by Governor Hughes.

Japan and China.

Pekin, Sept. 5.—Rather than permit Japan to establish title to the immensely rich Kwanto region, China is preparing to fight. No secret is made of the fact that Chinese statesmen and military leaders consider the period of Japan's exhaustion following the struggle with Russia a favorable one to wipe out old sores with the islanders. Foreign diplomats agree that the Chinese are "not bluffing." They regard a clash as imminent. The Japanese are wholly disregarding the warning of the Chinese commander now on his way, with a strong force, to the disputed territory, that the Mikado's representatives must discontinue attempts at administration and withdraw from Kwanto immediately. Instead, Japanese reinforcements are hastening to meet the Chinese. The latter treat with derision the Mikado's claim that Kwanto rightfully belongs to Korea and is subject, as such, to Japanese rule. They say the territory is unquestionable Chinese and will be protected at any cost.

The Standard Case Again Postponed.

New York, Sept. 5.—A start on the trial of the government's case to revoke the charter of the Standard Company of New Jersey, the parent concern of the Rockefeller interests, and to dissolve the corporation as a trust was again postponed today until September 7. The federal court granted the delay to give the company's attorney time to prepare a statement covering information desired by the government from the corporation books, obviating the necessity for the introduction of a volume of evidence for the examination of which months would be required.

Judge Ferris in granting the postponement said that, inasmuch as the agreement seemed to have been made in good faith and as it would save time he would grant the postponement saying: "We desire to have this case progress as rapidly as possible and great inconvenience is caused by adjournments. It must be fully understood that on September 17th, the case will proceed and it must be understood that the statements will be delivered to the counsel for the government in time for them to examine them before they come into court."

The Situation at Antwerp.

Antwerp, Sept. 5.—With the incendiary fire started last night by rioting strikers still sweeping the docks Antwerp today is on the verge of a panic. The proclamation of martial law may be the only way of restoring order. An entire regiment of regular soldiers and several battalions of the civic guard are on guard in the dock district, but even this display of force has not awed the strikers. Last night's fire losses are $1,000,000 to $2,000,000. The conflagration was started in ten places simultaneously. Almost with the return of daylight the rioting strikers resumed the overturning and destroying drays.

The complete destruction of the piers is threatened. Fire brigades from Brussels and Ghent have joined the local firemen. Late today the fire fighters were directing their attention to saving the houses along the Rue de Eckeren and the timber stacks on the Katten dock allowing the flames to spread almost at will. The fire had practically been brought under control by daylight when the disastrous breeze sprang up. The police are conducting a house to house canvass searching for anarchists who are believed to have urged the strikers to violence and burning. It is known many anarchists have come here in the last few days. Greater trouble is feared as strike breakers are arriving in numbers from Germany and England. The strikers threaten violence against the breakers.

The Telegraphers.

New York, Sept. 5.—In pursuance of their campaign to find positions for striking telegraphers, union leaders of the strike today began advertising. The proposition is epitomized in the following extract from the advertisement: "Two thousand striking telegraphers, men and women, all above the average intelligence willing to work at anything anywhere except for the Western Union and Postal Telegraph Companies under the present conditions."

Strategist Russell of the union stated today that conditions are all the operators could desire and profess certainly of an early victory.

Officials of the telegraph company reply, as usual, that the strike is over and that the telegrams are moving with practically no trouble.

A New Railroad.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Sept. 5.—The Corporation Commission today granted a charter to the Chesapeake and Blue Ridge Railroad Company, of Alexandria, the object of which is to build a railroad from a point in Loudoun county to Fredericksburg, running through Culpeper or Scottsville. The minimum stock is $5,000. The officers are: C. M. Henry, of Washington, president; F. M. Henry, of Minneapolis, vice president; E. F. Perry, of Culpeper, secretary, and C. W. Waite, of Culpeper, treasurer.

Mrs. Phillips Under Arrest.

Cleveland, O., Sept. 5.—With a woman detective standing guard outside her bed chamber and two policemen patrolling in front of the house, Mrs. Charlotte Phillips is today virtually under arrest at her home, where her husband, J. J. Phillips, was shot to death early Monday. Chief Police Stamberger intended to arrest her after the funeral yesterday but Mrs. Phillips collapsed and was delirious, at times unconscious during the services. Chief Stamberger had sworn to a warrant charging Mrs. Phillips with murder in the second degree. On account of the woman's condition it was impossible to serve it. Friends of Mrs. Phillips denounce the action of the police as an outrage. The inquest was resumed this morning and an effort will be made to secure the testimony of Ethel Clarke, the 12 years old adopted daughter, who, besides Phillips and his wife, was the only person known to have been in the house when the tragedy occurred.

Later in the day, Mrs. Phillips recovered consciousness and is improving rapidly. No effort has been made to read the warrant charging her with murder or to remove her from the house. The inquest was resumed today, the chief witness being Ethel Clark. Her testimony was favored to Mrs. Phillips. She corroborated the story told by her adopted mother to the police.

Rumored Attempted Assassination.

Vienna, Sept. 5.—It is reported that an attempt was made to assassinate Emperor Francis Joseph, but he escaped unhurt. The emperor is in personal command of the Austrian army at Klagenfurt, the headquarters of the autumn maneuvers, where the attempt is said to have been made.

Official denial is made of the reported attempt to kill Francis Joseph, the explanation being given that an aged peasant carrying a walking sticks tried to approach the Emperor to prevent a petition. The report which persists despite of official denial, is that the would-be assassin was an Austro-Hungarian laborer.

Foreigners at Casablanca.

Paris, Sept. 5.—Only the timely assistance given them by the cruiser Gloire saved the entire detachment of the foreign legation now in Morocco from extermination at the hands of Moors in the battle near Casablanca Monday. In defending the body of their dead commander, Mayor Provost, the legion was almost surrounded. Just as the soldiers were weakening under the terrible Moorish attack the Gloira drove off the natives by furious shelling. The foreign legation displayed the greatest gallantry, according to the news received here. Major Provost's death is attributed to his own recklessness. He had been reproved by General Drude for a tactical error and manifested the greatest daring, evidently seeking to re-establish himself with the general.

The Eagles.

Norfolk, Va., Sept. 5.—The annual parade of the Fraternal Order of Eagles extended three miles through the streets here today and includes delegation from nearly every State in the Union, Canada, Mexico and the Philipines. Theodore Bell, of California, is believed to have enough pledges to insure his election as grand worthy president. This is Eagle day at the Jamestown Exposition, and a special programme has been arranged by the management for this evening.

Earle Defiant.

Monroe, N. Y., Sept. 5.—Fearing further rioting, the village president sent to Earle today begging him to leave the neighborhood, a suggestion upon which he refuses to act. Despite the threats against him Earle drove boldly into Monroe after his mail today.

The only letter awaiting him was from Miss Kuttner.

Earle left later in the day for New York to arrange with his lawyer, Henry Wellington Mack, a money settlement with his wife.

Hanging at Norfolk.

Norfolk, Va., Sept. 5.—Declaring that his companion had struck the blow causing the murder for which he was to be executed Wm. McIntosh was hanged today. He paid the penalty for killing Charles W. Parks, a prominent man in Berkley ward last April. With another negro Tom Tancaster, McIntosh held up Parks to rob him. McIntosh was a member of the noted Tenth Cavalry which saved President Roosevelt and the Rough Riders at the battle of San Juan Hill.

A Vexing Problem.

Boston, Sept. 5.—Another little girl without a country has come to Boston, and thanks to the new immigration laws, the federal officers here have a vexing problem. Born on American soil after her parents had landed, but while they were still detained at the barge office, the tiny Anna Riddel is to be certified as subject to the immigrant head tax of $4. In the eyes of the law, the baby was a stowaway. The steam ship company, which would have to pay the head tax, will probably appeal from the decision and the question will be left to the courts. Pending their decision the baby will have to be detained at the barge office.

Suicide.

Washington, D. C., Sept. 5.—The body of Dr. William H. Abercrombie, aged 65, a retired naval surgeon, was discovered in his apartment in Stoneleigh Court early today. He had committed suicide by inhaling gas, first having stuffed the door and window cracks with cotton. His widow in now in Atlantic City, N. J., at the Brighton Hotel.

FISH GAINS HIS POINT.

Stuyvesant Fish and James T. Harahan met again in New York yesterday at a special meeting of the directors of the Illinois Central Railway Company in the offices of that company, in the Bowling Green building.

Mr. Fish again presented his resolutions which caused the personal encounter between the two men at the stormy meeting last week, but at yesterday's session, according to all accounts, the proceedings passed off quietly.

The resolutions severely arraign the management of the Illinois Central. They contained a request that several of the charges be answered. He said the affairs of the railroad company were to all intents and purposes managed from the offices of the Union Pacific Company, 120 Broadway.

Mr. Fish also asserted that statements dealing with earnings and finances were first submitted to E. H. Harriman and afterward sent to the Illinois Central office. He furthermore attacked several financial transactions of recent date.

It is understood that some persuasion was brought to bear on the belligerent former president of the system to modify some of his statements. Mr. Harahan had the chair when the resolution were presented.

It is stated on good authority that the allegations against the present management will be answered at the next meeting of the board, to be held on Wednesday of next week, and that the entire matter may then be made public.

It was reported that the originial set of resolutions presented by Mr. Fish had been adopted by the board. This was denied in the most positive manner by the Illinois Central interests. They said Mr. Fish's resolutions were merely accepted for the purpose of giving them consideration.

Certain other resolutions were adopted which, however, would enable Mr. Fish to obtain information which, he asserted, would aid him to sustain such charges as he was making. This step was taken by the board because Mr. Fish was entitled to such information as a director.

DEMOCRATIC COMMITTEE.

The slate for those who desire to serve as members of the city democratic committee was completed at noon today at the Hotel Rammel, when Mr. Charles Bendheim, city chairman, announced that the following had filed notice of their candidacy:

First ward, Oscar Phillips and Thomas L. Risheill; Second ward, Louis Brill, R T. Cook and John W. May; Third ward, S. G. Brent and Samuel P. Fisher; Fourth ward, Charles Bendheim, J. B. Fitzgerald and Courtney Acton.

Among the former members of the committee who will not again be candidates are Messrs. Edgar Thompson of the First ward, and Oscar Carter of the Fourth ward.

As will be seen by the above slate, the only wards in which there will be a contest are the Second and Fourth wards. The committee declared the candidates from the First and Third wards the nominees. In all probability the names of the candidates from the Second and Fourth wards will be placed on the senatorial ticket in those wards and they will be voted upon in next Tuesday's primary.

MAD DOG SCARE.

There is a mad dog scare in Fairfax county, near this city. As has been stated, a dog suffering from hydrophobia recently bit a horse belonging to Mr. James Broders, living near Springfield. The horse later attacked a colt. A cat which was suffering from rabies recently attacked Mr. Broders' sister, and tore her clothing, but it is said failed to bite her. A night or two ago a dog belonging to Mr. Henry Lyles, living in the same neighborhood, became mad and its owner was compelled to shoot it. It is said that dogs suffering from hydrophobia are roaming through portions of Fairfax county bordering on this city, and it is believed that they have attacked other canines. Numbers of people from this city engage daily in gunning in the country adjoining Alexandria, and under the present conditions canines which accompany them are likely to be bitten by dogs suffering from rabies.

ATTEMPTED HOLD UP.

An attempt to hold up and rob Mr. James Goods was made Monday night about 9 o'clock while Mr. Goods was driving near Shooter's Hill, in the vicinity of the Golf Club house. Mr. Goods was returning to his home in this city in a buggy, and whne he reached the above named point two colored men endeavored to stop the horse by grabbing the shaft. As a result one of the men was struck by the shaft of the buggy and Mr. Goods, upon seeing his predicament, struck one of the would-be robbers over the head with his whip and drove rapidly into the city. The men were apparently so surprised that they made no further efforts to molest Mr. Goods. It is stated that the two men had four other companions who lurked in the rear of them in the darkness.

POLITICAL.

Senator Lewis H. Machen and Mr. A. J. Wedderburn met in joint debate in Nicol Hall, Manassas, last night, in the interests of their respective candidacy for the Virginia State Senate. Mr. R. E. Machen and Wedderburn will speak at Aden, Prince William county, tonight; in this city tomorrow night; at Fairfax on Saturday night and at Alexandria Courthouse on Monday night. Mr. Thornton will speak at Herndon on Saturday night.

SCARCITY OF LABOR.

As previously stated in the Gazette, the glass factories have resumed operations after the annual summer holiday, and most of the old glass blowers have returned to work. It is stated, however, that the officials of the different companies are experiencing considerable difficulty in securing men and boys to do laboring work. It is said that fully one-third more than are now employed could be used. The officials state that the labor problem is the most serious difficulty they have encountered.

COLUMBIA MEETING.

A largely attended meeting of the Columbia S. F. E. Company was held last night with President Wm. A. Smoot presiding. New York Stock Market.

New York, Sept. 5.—The tone of the morning's news gave the bear traders a reason for a renewal of the aggressive selling for short accounts that marked the greater part of yesterday's trading. There was some liquidation and the combined selling couple the holdback on the part of bull interests, caused early declines. The market rallied easily on the appearance of large buying orders which resulted in an upward movement, the early losses being recovered.

R. & G. Corsets at 79c a Pair.

It is a gathering of 300 pairs of the famous R. & G. Corsets, some worth as much as $3.50. The manufacturer of this brand is so particular about his output that the least imperfection found after the corset is finished—that particular corset is laid aside, together with others of a like nature, until several hundred have accumulated. They are then sold to the trade at a fraction of their worth. For this reason we offer for one day Corsets worth as much as $3.50 a pair at 79c.

They are the very latest styles and one of the best makes of Corsets in this country. The defects are so slight that in most instances it would take an expert to detect them. Here are descriptions:

Made of Batiste and Coutil; medium and high bust; short, medium and dip hip. Just think of it! All sizes from 18 to 30. Come and see them on bargain table, first floor.

DESPERATE HUSBAND'S ACT.

William H. Miller, assistant fire chief of Franklin, Ohio, shot and killed James H Littler, who had eloped with Miller's wife, in a cell of the city prison yesterday. After he had slain the man who is alleged to have wrecked his home Miller became a raving maniac, and is now in irons in a cell adjoining that in which he killed Littler. Littler was formerly Miller's friend. The fireman gave the man shelter three months ago when, as a tramp, hungry and footsore, he applied to him for help. Miller got him a position and Littler boarded at his home. Sometime ago Miller was found unconscious near his home with his skull fractured. The same day Littler disappeared and suspicion pointed to him as Miller's assailant. Mrs. Miller disappeared three weeks ago, and took with her her youngest child. Miller went in search of his wife and found her in Springfield. With her was Littler. Miller forgave the woman, and had the man arrested on the old warrant and on another charging Littler with breaking up his home.

Wednesday Littler was brought back to Franklin for trial. The Franklin jail is in the engine house. A loud report shook the building yesterday afternoon and citizens found Littler dead in his cell with the top of his head blown off.

Beside the cell stood Miler with a gun in his hand. They seized Miller and he fought like a maniac. He was placed in irons and physicians summoned, who pronounced him hopelessly insane.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

EARLE MOBBED,

Mrs. Ferdinand Pinney Earle, who for a few weeks or months will continue to be the wife of the Monroe N. Y., artist sailed for France with her baby Harold, on the Holland-America Line steamship Ryndam from New York yesterday. Miss Julia Kuttner, of Bethlehem, Pa., awaits to become Mrs. Earle No. 2.

A New York paper says that when Earle reached Monroe, after having shipped his wife and child to Europe, in order that he may marry Miss Kuttner, his "soul's affinity," he fell into the arms of a mob last night. The mob, composed exclusively of Early's neighbors and former friends, dragged him from his carriage, which they overturned, trailed him in the mud, lashed him with a horsewhip, and might have responded to the repeated suggestions that a rope be secured, had not the mayor of the village and the chief of police recalled them to their senses and given Earle safe conduct to his home. A violent downpour of rain fell throughout the half hour that the wife-sacrificing artist was at the mercy of the mob, and frequent flashes of lightning and crashes of thunder lent further picturesqueness to the sensational scene.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E S. Leadbeater & Sons.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,

R. E. THORNTON.
